N. H. S. Fair, Supper and Entertainment

The annual fair, supper and entertainment given by the pupils of the Norway high school was held Friday afternoon and evening at the Norway Grange hall. The young people have worked hard in an endeavor to make the fair, supper and entertainment a success and they feel they were well repaid for their efforts.

The sale was held during the afternoon and was well patronized. The tables were prettily decorated with various colored crepe paper and were very attractive with their articles for sale. The committee in charge were as follows:

Table 1—Madeline Pike, Alice Tucker, Ida Merrill, Olive Stone, Susan Hall, June Tracy, Ruth Alcott, Candy table—Marion Bradbury, Marie Drew, Bessie Pott, Evelyn.

Mystery booth—Dorothy Truman, Marie Moulton, Eugene Hunt, Mary Gammon, 17, Elva Perry, 18, Elva Gammon, 17.

Entertainment committee—Madeline Pike, Marie Drew, Bessie Pott, Evelyn.

The supper committee was Frances G. Andrews, 16 and Gertrude E. Hunt, 16, assisted by the other classes. Supper was served at 6:30 in the dining hall and the tables were filled and reset until fully 250 had partaken of a fine baked bean, salad and pastry supper.

The evening's entertainment was given in the upper hall and included a farce, entitled "A Man from Brandon," with the cast as follows:

Phil Lester, Captain of Brandon Football team, M. D., Russell Bethel, M. D., from the Kerby Inn, Dan Moulton of Brandon, Miss Janet Spencer, a maid, Paul Seavey, Bernice Moulton, Dan's sister, Bertha Melvin, Bernice's friend, Anne, Miss Janet's maid, Bernice Gammon.

The farce caused a lot of amusement by the queer situations and misunderstandings.

Preceding the farce Adeline DeCoster gave several piano selections and following the farce Esther Pike gave a pantomime dance with Azola Pike at the piano and the closing scene was in representation of the Goddess of Liberty.

The cake which was to be guessed on the weight was weighed and found to weigh 7 pounds and 14 ounces. Mrs. Frank E. DeCoster guessed 7 pounds and 15 ounces and won the cake, which was made and presented to the school by Mrs. Percy Nevins.

The soft pillow was won by Percy H. Nevins, Jr., who guessed the nearest to the correct number of seeds in the pumpkin, 420. There were 413 seeds. E. D. Packard won the box of candy by holding the lucky number.

The net proceeds will amount to nearly \$150.

A Big Cut of Pulp Wood.

E. E. Andrews has been in Boston the past week. He is disposing of the horses, harnesses, sleds and running gear of the Connecticut Valley Lumber Co. The most of the horses have been sold, only a few remain.

Mr. Andrews has some 350 double harnesses to sell and some sleds. The C. V. Lumber Co. has stopped operating in the woods having contracted the most of their work.

They are to deliver to the International Paper Co. 73,000 cord of pulp the coming season. We are told that this would make a wood pile four feet high reaching from Island Pond to Portland. We do not vouch for the accuracy of this statement as our mathematics are deficient.

The C. V. Lumber Co. have agreed to deliver in 5 years, 250,000 cords of bolts to the above company and this may be the amount of wood to reach the distance above stated.

Who knows? We don't. If you will figure it and let us know we will publish it for the benefit of our readers.

It will be something like this: How many miles long will the pile be to contain 250,000 cords of wood to be cut 4 feet long and piled 4 feet high. What say you?

Mr. Andrews who has worked for this company for the past two or more years will close his labors for them in a few weeks.

Corps 45 was fortunate in securing this able department officer for its inspector as her presence always finds kind words and sunshine whenever she goes. She has held the highest office in the department being Past Department President.

At the close of the work sandwiches and coffee were served. After wishing all a pleasant goodbye and success in our beautiful work she took her departure for North Waterford where she will inspect the work of Geo. M. Knights Corps 95. During her stay in Norway she was entertained at the home of Mrs. Alta J. Sheen.

W. R. C. Monumental Benefit Sale.

The annual W. R. C. Sale for the benefit of a soldier's monument was held in Woodman Hall on Thursday afternoon and evening, November 4th.

This sale was in many ways the best the Corp has held for several years. The usual tables were in order with their respective chairman and assistants who were glad to meet all who considered this an effort worthy of patronage.

The luncheon table was a special feature of the sale and although a new addition to the usual list of tables it was well patronized.

At 6 p. m. the lunch committee served light refreshments to all who remained for the evening at the home of Mrs. George M. Knights.

The attendance in the afternoon was very good, but the free entertainment which was given by local talent, Bernice Nash chairman, at 8 p. m., was very poorly attended, however those present enjoyed the following program:

IS IT RHEUMATISM?

Aren't You Really On The Wrong Track?

A good share of so-called rheumatism is caused by weak kidneys. When the kidneys fail to clear the blood of uric acid, the acid irritates the delicate nerves. Torturing pains dart through the effected part whenever it is moved.

By strengthening the kidneys, Doan's Kidney Pills have proven their worth in thousands of so-called rheumatic cases, lumbago, sciatica, gravel and urinary disorders. Doan's are well-known in Norway and warmly recommended by Norway people. Read this Norway case:

M. M. Kilgore, Danforth St., Norway, says: "I had backache and rheumatic pains for more than a year. My kidneys were the cause of the trouble. Sometimes I was so lame I could hardly stand. I did not rest much and was feeling miserable when I was advised to try Doan's Kidney Pills. I got them at Stone's Drug Store and a few boxes cured me."

Three years later, Mr. Kilgore said: "I have never had the slightest return of kidney trouble since Doan's Kidney Pills cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kilgore used. Foster-Milburn Co., Props., Buffalo, N. Y.

HARRINGTON'S TRIAL IN PRECEE MURDER CASE.

Patrick J. Harrington was arraigned Thursday afternoon before Judge McCarthy at the Rumford Municipal Court on the charge of the murder of Thomas E. Prece on which he pleaded not guilty.

Hon. Frank A. Morey was counsel for the respondent and County Attorney, Albert Beliveau conducted the prosecution. Sheriff W. O. Frothingham was put on the stand and testified that Patrick J. Harrington had made the statement concerning the death of Prece. This statement was that Harrington met Prece on a Tuesday night on the road leading to Paris Hill. He got into the team with Prece and told him that he was going to Boston. There was a snow storm and they got on the wrong road. They inquired at a house and then continued their way towards Paris. While going up a hill, the horse slipped and Prece started to get out of the carriage and was caught in the blanket. A gun shot Prece, who exclaimed: "Oh my God!"

When Harrington saw that Prece was dead, he covered the face with snow and took from the man's pocket, \$55, that was wrapped in a handkerchief. He drove to Paris and put up the horse at a livery stable. He then went to the railroad station and when he found that there was no train out he went to a barber shop and was shaved. He then went to the hotel and secured a room for the night. He left orders to call him in time to catch the early train. When he left the town the next morning, he wore Prece's suit that he had taken from the dead man's suit case. The case was left in a restaurant in Monument Square, Portland.

There was some controversy as to the location of the finding of the body, but was told by the sheriff the body was found on the so-called John Lane road between Sumner and Paris Hill, which removed the objection by Mr. Morey.

Judge McCarthy found probable cause and ordered Harrington held in Paris jail to await the action of the Grand Jury of the March term of Supreme Judicial Court.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only cure on record for this disease. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars to any case it fails to cure. Send for circulars and testimonials.

Hudson's Travel Car

The Big, Efficient "54"—Touring Car Finality

We have now on show the latest model of the famous Hudson "54"

This is the first great Hudson Six, after four years of refinement. In those four years thousands of men have driven it millions of miles. It has made many a 10,000-mile trip under every road condition.

Today it represents the Hudson idea of touring car finality. It is staunch and enduring and comfortable. It is speedy, roomy and powerful. It has a fourth speed for fine roads.

It is the car which a veteran motorist would choose for a trip around the world.

The Hudson Extra

This is the Hudson which is built for men who want something extra in a car. It has extra size and room and power. It is handsome and impressive.

But the man who needs it above all is the man who tours. It is built for a travel car. It will be your first choice among all such cars, we think.

At least no other big car offers equal value. This fact is due to the enormous Hudson output. Hudsons are now the largest-selling quality cars in the world.

We can offer immediate delivery on a few of these Hudson "54's."

Price, \$2350, f. o. b. Detroit.

HARKEN BACK ON THE PAST.

Twenty-five Years Ago This Week. The big trout recently caught by Wm. N. Judkins and put in Dr. B. F. Bradbury's fountain, has been bought by Frederick Howe and returned to the Lake. Additional side track has been put in at the G. T. Depot. There is three times the amount of freight handled here than six years ago.

Geo. H. Small and Jesse K. Brown have formed a partnership and gone in to the painting business.

E. L. Judkins shot a 200 pound deer on the boundary between Norway and Albany. Ed. furnished the editor with some of the meat.

The squirrel hunt and oyster supper was a big time. St. Howe was the captain on one side and Bradley Frost on the other. The shoot came out in favor of W. S. Howe 1885 to Mr. Frost 1750. There was lots of kicking done on both sides. One side sold game to the other, and taking the whole thing together it was fun for the boys. Twenty couples were present at the dance and had a fine time.

Harry F. Greenleaf has bought over 2000 barrels of apples this fall, paying from \$2.50 to \$3.50 per barrel.

C. B. Cummings & Sons have bought the Evans stand nearly opposite their furniture rooms. Owing to their increasing business they are thinking of using the second story where they now live as an addition to their rooms for furniture. They will move into the Evans house. Gilbert Upton, up in town, shot an owl one night, recently, in his poultry yard. A few nights before a gentleman visiting there heard an outcry among the poultry and on going out discovered a fox, but having a gun with him Sir Reynard was instantly killed.

Mr. Upton has been in California for many years. Would like to hear from him.

A. E. Stevens of Milton, says he makes a profit on sheep. Last spring he had 35 old ewes to have lambs and they raised 38 lambs. He sold 19 wethers for \$34.30 and 8 ewes for \$40 and kept 10 ewes worth \$50. He also sold \$32.06 worth of wool making a total of \$256.36 as the profits of his flock of sheep. His sheep are of the Shropshire variety.

In Nigger Tom—Wild River Lumber Co., have got their boiler and engine on to the ground and mill nearly built.

Bryant's Pond.—D. D. Peverly, carriage maker, is erecting a shop on the C. T. Chase lot near the G. T. R. It will be 25 x 40. He will sell the upper part to some society for a hall if any desire. Mr. Peverly contemplates doing quite a business, perhaps giving employment to several hands.

Summer—Deacon Abel Heald of this town died on Wednesday the 5th instant after a long illness, aged 85 years. He was born and always lived in this town. The funeral services were by Rev. William D. Sandbrook.

Albany—Harden Hutchinson, who has passed his four score years, and wife of Gorham, N. H., have been visiting his brother, E. S. Hutchinson of this town on the old Hutchinson homestead. They are all that are left of Squire Hutchinson's family of sixteen children. E. S. H. has also received a visit from his oldest daughter and husband, J. E. Saunders, and daughter of Mechanic Falls.

Mason—A. G. Lovejoy has moved his wife and part of the children to Otisfield to the place he hired. He has driven a part of his cattle. Florence stays to keep house for him while he draws his birch and poplar from his lot here. We expect they may all go in the spring.

Byron—We interviewed Marshall Whitney of Byron gold diggings lately. He bought a farm of 250 acres taking in about 100 rods of the river. He has three boys large enough to help on the farm and dig gold. They carried on the large farm and dug out over \$200 in gold this summer. They got it coined in Philadelphia. Mr. Whitney says they have picked up lots of small nuggets from \$5 down to \$1. They find them while digging without washing. He says by another fall they can tell if the gold is worth digging. They find the gold mostly in the drifts of the bed rock and he is planning to work his claim this winter by tunnelling under the frost. * * * Somehow the Byron gold diggings hasn't panned out very heavy in the past 20 years.

Twenty-four Years Ago This Week.

Capt. Ed. Ames' steamer with the long name has been "dry docked" for the winter. He has done a prosperous business this season.

Dr. F. E. Drake has rented rooms in the Hathaway (old) Block. Go up the stairs and turn to your right. He will be there the first of each month.

Chas. C. Tibbets has rented his house to Dimon Hamilton who will continue the business. Mr. and Mrs. Tibbets are to move to Kennebunk to become proprietors of the Mousam House, which they have recently bought.

A. L. Cook, the barber, has stored for winter fishing, two hundred thousand million shiners. Muzzie Judkins also has some.

For several weeks last winter there were 522 hands employed by B. F. Spinney & Co., in their shops here. The pay roll was in excess of \$5000.00 per week.

EAST HIRAM.

The timber on the Howard farm recently purchased by Calvin Clemons of Hiram and E. C. Walker of Brownfield, is being saved by a portable mill.

Our people are enjoying the electric lights recently installed by the Hiram Water, Light and Power Company.

Charles Wakefield and wife from California are visiting relatives in Hiram.

Annie Martin of New York City is visiting her parents, Mr. and Mrs. A. M. Martin.

The following named students are attending schools out of town:

Irma Milliken, Bridgeton Academy. Katherine Burke, St. Joseph's Academy. Roy Douglas, Westbrook Academy. Maxwell Evans, Fryeburg Academy. Roy Douglas, Westbrook Academy. Lucien Lamont, Fryeburg Academy. Cecil Poor, Cornish High School. Walter Poor, Cornish High School. Irvin Sanborn, Cornish High School. Grace Noble, Des Moines High School. Roy Noble, Boston University.

Mrs. C. E. Wilson is much improved after a long and serious illness.

Bethesda Bosworth who is training at the Massachusetts State Reformatory, is spending two weeks' vacation with her parents at East Hiram.

Ella S. Ward of Harrison has been allowed a divorce for desertion from Lewis E. Ward. The husband was ordered to pay \$5 a week toward the support of the two children. Walker & Pike attorneys for libellant.

Diseases of Children

I find worms one of the most common of children's diseases—either pinworms or round worms. These parasites make their presence felt through deranged stomach, swollen upper lip, sore throat, offensive breath, hard and full belly with worms, and many other symptoms. The child is restless, pale face of leaden tint, yellowish, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

For over 30 years Dr. True's Elixir, the Family Laxative and Worm Expeller, my father's discovery, has been the standard remedy for worms, colic, and constipation, both for children and adults. Mr. Wm. W. V. of Houston, Texas, writes: "I want to say that Dr. True's Elixir is certainly a fine medicine." At all dealers, 35c, 50c, and \$1.00. Advice free. Write 40-8

Do You Feel Headachy?

Look To Your Stomach

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way the Noyes Drug Store, the popular drug store is selling Mi-o-na, the standard dyspepsia remedy.

Never before have they had so large a number of customers tell them that a medicine has been successful as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for any one suffering or making their friends suffer on account of dyspepsia. Mi-o-na can always be relied upon. The percentage of cures is so great that there is little risk to the Noyes Drug Store in guaranteeing to return the money if the medicine does not relieve. And they stand ready to do so without any questions.

Headaches, all forms of indigestion, speaks before the eyes, dizzy feelings, and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly.

READ WHAT ONE MOTHER WROTE

Mothers cannot always tell why their children are fretful, feverish and restless, but if worms are suspected it is wise to find out at once. A small dose of "L. F." Atwood's medicine given at bedtime, and another in the morning before the child eats its breakfast, will show whether or not worms are the cause of the trouble. Read what one mother wrote:

Waterville, Maine.
I find the "L. F." Atwood's Medicine indispensable for jaundice, from which it relieves me. I give it to my two little ones when fretful. I find it will soon chase their troubles away and leave them laughing again.

Cement Dam Across Kezar River.

The stone and cement dam across Kezar River at the village is completed and is a work which required much labor and material. The dam is built on the upper side of the bridge and solid with it being connected by the cement.

It is 200 feet in length, from 20 to 30 feet in height and 10 feet thick at the bottom, tapering to 3 or 4 feet thick at the top. The bottom of the dam is some 10 or 12 feet below the bed of the stream, and is protected by a stone and cement apron 8 feet wide.

A six foot penstock on the easterly end carries the water to the grist and saw mill, and a similar one on the westerly side carries the water to the saw mill.

A gate for slipping logs is in the center of the sluice way, 19 feet wide made of split stone and cement extends quite a distance below the bridge. The whole bed of the stream between the bridge and mills is covered with rubble stone and cement.

Thirteen carloads of cement, 600 loads of gravel which was drawn from the Will Chandler farm at Center Lovell, and many hundred loads of rock were used in the work.

It was built under the supervision of E. F. McIntire of Fryeburg from plans drawn by him.

N. F. Fox, who owns the mills and power is making extensive repairs on both mills and is expecting by the power developed by the new dam to do a much greater amount of business than formerly.

He has recently bought the timber near the mill of Mrs. Annie Head and will immediately begin to saw it.

A Question of License.

Rev. E. P. Cutler, who has preached at the Congregational church during October, has returned to Massachusetts and accepted a call there. He was much liked by the people here, who would have been glad to retain his services.

In this communication we wish to correct certain stories that have been told in regard to Mr. Cutler's taking a deer out of the state. He shot two deer while here. The first was used among his friends and at his boarding place.

The other was shot after he had arranged to go back to Massachusetts. He wished to take it with him and supposed he had a right to do so. To make sure of the matter he telephoned to the station agent at Fryeburg. The agent referred him to C. P. Gray, the local game warden.

Mr. Gray was uncertain about the case and told him to consult Mr. Cushman, the warden on duty at Union Station, Portland. Mr. Cushman told him to come to Portland with the deer and he would tag it for him. When he got to Portland and told the facts to Cushman, who was in doubt about his residence and called up the game commission at August.

The question was whether he should have a non-resident license or whether under the circumstances of his coming here he could shoot without the license. The commission suggested that he deposit \$15 with Mr. Cushman to be refunded to him upon proof that he intended to stay at Lovell when he came.

BURTON A. COLE, KILLED

IN AUTO ACCIDENT.

Friday morning when Harry Hutchins of Rumford Corner went out of his house, he saw an automobile some little distance from his house turned upside down in a gully. On investigation it was found a man was pinned under the car, who was afterwards identified as Burton A. Cole of Bryant's Pond.

It seems Mr. Cole left his house at about 9 o'clock to go to Rumford Corner to get Dr. L. W. Parody in attend his mother, who was critically ill. Dr. Parody's horse was tired and he crossed the ferry at Rumford Point, to wait at that place for Cole, who was to take him to his mother by automobile. Dr. Parody crossed at 12 o'clock, according to an agreement, and after an hour's wait, returned home.

In his official report, Dr. W. T. Rowe states that the cause of the accident by which Burton A. Cole of Bryant's Pond met his death Friday morning was due to improper lights on his automobile, and the condition he himself was in, as the medical examination of the body at the morgue at Rumford disclosed not only that the man's neck was broken, but also that he was in an intoxicated condition at the time of the accident.

The light on the car was an ordinary lantern which had been hung there to replace the head lights. The car had evidently been run over the culvert and lay on the bank of the stream near the water.

The remains were taken to the home of his step-father, George Judkins of Newhook, Friday afternoon and the funeral was held Sunday.

Mr. Cole was 31 years of age and leaves besides his mother and step-father, a brother in Boston, a sister, Mrs. H. E. Wilson of South Paris, his wife, who was Susie Billings of Woodstock, and a two year old daughter, Norma.

THANKSGIVING HYMN

For well filled rivers, teeming lakes,
For forests where the wild birds wake,
For the silences where the wind sighs,
For the hushes where the gushing springs,
For all of earth's fair goodly things,
To Thee all thanks belong!

From perils of the smoking sword,
The smoking cannon, thundering horde,
From all grim war's dismay,
Its every bitter circumstance,
We thank Thee, Lord, today!

That not unmarked is Sorrow's well,
That love and mercy still prevail,
We offer grateful praise and thank,
That Hope and Faith have not yet died,
Though Mercy oft seems crucified.
So wicked are men's ways.

O may we, Lord, be undismayed
Though heavy is the burden laid
Upon the heart of man,
Though mighty grows the east world-grave
No ignominious peace we crave
As part of our life's plan.

For faith that War shall sometime cease,
For hope of Universal Peace,
For every blessing poured,
With lavish hand upon the earth,
Unmindful of man's little worth,
Once more we thank Thee, Lord!

OPPORTUNITY

They do me wrong who say I come no more,
When once I knock and fall to find you;
For every day I stand outside your door,
And bid you wake and rise to fight and win.

Wait not for precious chances passed away!
Weep not for golden ages on the wane!
Each night I turn the records of the day—
At sunrise every soul is born again!

Laugh like a boy at splendors that have sped,
To vanished joys be blind and deaf and dumb;
My judgments seal the dead past with its dead,
But never bind a moment yet to come.

Though deep in mire, wring not your hands
And weep;
I lend my arm to all who say, "I can!"
No shamefaced outcast ever sank so deep,
But yet might rise and be again a man!

Dost thou behold thy lost youth all aglow?
Dost thou read from hallowed scriptures the glow?
Then turn from blotted archives of the past
And find the future's pages white as snow.

Art thou a mourner? Rouse thee from thy spell,
Art thou a sinner? Sin may be forgiven.
Each morning gives thee wings to flee from hell,
Each night a star to guide thy feet to heaven.

A WEEK OF PROSPERITY.
The electrical industry, with invest-
ments of more than \$3,000,000,000, will
celebrate the return of prosperity during
the week of November 29 to December
4. This week has been named "Prosperi-
ty Week," a period of a national awak-
ening to optimism and opportunity.

Not only will this important week
of 1915 be devoted to the celebration of
better times and prosperity in general,
but a mighty effort will be made to
show the people of this country how
much prosperity, in every branch of in-
dustry and arts, depends on electricity.

The electrical industry has four
branches. The manufacturer makes the
equipment for electric light, heat and
power plants, for railroads, ships, mines,
appliances—everywhere, it is electrically
used. The 2992 electric plants in use
service, which is electric current, to the
public. The electrical contractor wires
houses, factories, public buildings and
businesses so that the current may be
used. The electrical dealer sells the 600
odd electrical appliances which the pub-
lic uses, and the electrical jobber is the
necessary middleman of the industry who
works with the manufacturer and dealer
to get electrical goods in use.

Work was begun this week.

The contract for the buildings has
been awarded to F. W. Cunningham &
Sons of Portland. Three sheds or sta-
bles for horses, each of which will be
320 feet long and 20 feet wide, will be
built and in front of these stables or
sheds there will be eight paddocks each
40 feet long and 40 feet wide.

Besides these buildings Mr. Cunn-
ingham is constructing for the govern-
ment an office building, a big storehouse
for grain and hay, and a hospital for
sick animals.

The Grand Trunk Railroad when the
war broke out, announced that the names
of all employees who volunteered with
the Allies would remain for a period of
six months on the payroll. Many of
those who volunteered, belonging in
Maine, have been called to go to the
front of the war. The time in almost
all cases having expired, it is said that
the names are now being dropped from
the list of Grand Trunk employees.

MAKING DRINKING MEN OVER IN THREE DAYS

When the roll call of marvelous
achievements of the Twentieth Century
is taken, ranking with the airplane,
wireless telegraphy and submarines in
usefulness to mankind, the Neal Treat-
ment for the Drink Habit will be given a
place.

Think of making a man over in three
days!

This is what the Neal Treatment prac-
tically does.

It takes one whose system is so filled
with alcoholic poison that more drink is
a necessity, and in three days changes
craving desire to intense antipathy.

The change of temperament wrought
is so miraculous that Rev. Father Nu-
gent of the Church of the Visitation,
Des Moines, Ia., declares: "Nothing
like it has been known since Lazarus was
raised from the dead."

The Neal Treatment is a Godsend
which has saved many excessive drinkers
and stopped all desire of thousands of
others who were "nervous drinkers."
Business men who felt the need of "oc-
casional braces."

The Neal Treatment is a harmless,
purely vegetable remedy, taken inter-
nally and administered at the Neal In-
stitute by regular physicians. There are
no hypodermic injections.

Patrons are treated like guests. They
enjoy all the comforts of home, hotel
or club and more of the privacy because
meals are served in their rooms. Names
are never revealed.

MOTHERS—

WATCH IRRITABLE CHILDREN!

That fever, paleness, grinding of teeth while asleep and coated tongue are indications that your child has worms in its system. Kickapoo Worm Killer quickly gets rid of these parasites. It is perfectly safe for even the most delicate children. It is pleasant to take, has three effective medicinal qualities—acts as a laxative, expels the worms, and tones up the system. Begin treatment today and eliminate the cause of irritability.

WEST PARIS.

Mrs. Ann Rowell, who went to the Central Maine General Hospital, for the removal of a tumor two or three weeks ago died there, Wednesday, November 3.

The operation seemed to be successful and doing nicely but on account of the condition of her stomach and weak heart she gradually lost strength until she gave out.

Mrs. Rowell was the youngest child of Sylvanus and Esther Benson Dunham and was born in Paris, February 11, 1845. Her brother, Samuel W. Dunham, is now the only one left of a large family, five of them having died within the past five years. She married James M. Rowell and one son, Alton was born to them, who also survives.

Since Mr. Rowell's death, Mrs. Rowell has made her home with her brother, W. Dunham, who died about a year ago. Mrs. Dunham has done all in her power to help Mrs. Rowell and devotedly cared for her during her sickness remaining in Lewiston the greater part of the time to be near whenever called for and by her devoted sister Columbia by her bedside pretty constantly.

Mrs. Rowell was a very close home body scarce ever going out any where and made very few friends. She was patient, loyal and devoted to her son and home people and surroundings. She was a member of the North Baptist church for about 40 years and was true to her christian principles and convictions.

Much sympathy is expressed for the bereaved son and for Mrs. Dunham, who has had her companionship for so many years and who is left more alone than ever.

Funeral, Friday, from her late home, Lewiston, who has been acquainted in the home for some years assisted by Rev. Sarah Robinson, pastor of the Baptist church and Rev. D. A. Ball of the Universalist church. There were many beautiful flowers, among them one spray of 70 pink with "Mother" from the son, Dana A. Grover sang two appropriate solos, "Come Unto Me" and "One Sweetly Solemn Thought," which were very sweet and impressive. Interment was in the family lot at North Paris.

The Good-Will Society of the Universalist church will hold their annual chicken pie supper and sale, Wednesday, November 17.

The Boy Scouts gave an entertainment last week, Wednesday evening and it was very nice. It was in the nature of a regular meeting with the President, Roland Perham in the chair. See Howard Emery and the Scout Master, Rev. D. A. Ball. After the regular routine of business, the Scout Master, asked various questions concerning the history of our flag and many other instructive things which were readily answered. Several stunts were performed such as tying knots, treating broken limbs and making a stretcher out of two poles and three boy scout coats. They also did signaling and sign language with their signal flags and several other interesting demonstrations. The training they receive in this organization certainly is good and instructive, next to their school education toward making better men and fellow citizens. They now number 25 in membership here.
